

Willkommen bei Herr Bauknechts Entdeckungsdeutsch!

For the next 9 weeks we will be covering a variety of topics (language, history and culture) to help you decide which language you would like to study later. You should consider how much you enjoy speaking the language and how interested you are in the culture. Would you be willing to study this language for several years?

To help make your evaluation of the language fair, I ask you to treat this class as seriously as you would any of your other academic courses. I expect courteous behavior and high quality of work.

Behavior

- ❑ Treat me and each other with respect and I will treat you with respect
- ❑ Violators of the school rules will be recorded in the grade book; this includes:
 - forgetting material
 - chewing gum or eating in class
 - incomplete homework or assignments, (3 missing = detention)
 - being inconsiderate of others, etc.

Material

- ❑ Bring a three-ring binder to class (1/2 inch is big enough). Try to have this by Monday.
 - I will hole punch all handouts for you

Classroom Procedures

- ❑ Come to class **on time** and **ready to work!**
- ❑ Place all other books and homework aside
- ❑ **Take out the previous night's homework** at the **START** of class and be ready for the day's lesson

Grading & Point system

- ❑ Points will be accumulated from writing assignments, quizzes, tests, homework (will be collected on occasion) and participation.
 - Both *parents* and *students* are expected to regularly check power school
- ❑ No credit for "no effort" work:
- ❑ Write "Ich weiß nicht" for questions you cannot answer
- ❑ Chances will be given for extra credit throughout the year

Make-up work

- ❑ Assignments are due **no later than one week** after returning from an absence before they will be turned into an "0"
- ❑ See me for the missed assignments and for help (This is YOUR responsibility)
